USP :

SilverMatte

Enamel quality and type are exceptionally important for the cooker and its operation. SilverMatte is a highly resistant and strong material that can stand extreme heats. Free from micro pores, it coats oven cavity surfaces and baking trays, making them resistant to the highest temperatures. The coating of the interior supports heat reflection and provides additional insulation. Therefore, the oven interior always stays sterile and safe.

MultiAir

MultiAir technology guarantees the optimal circulation of heat within the oven. Due to smartly positioned ventilation openings on the back wall and the unique rounded shape, air is spread evenly throughout the oven. The fan pushes hot air around the entire oven volume, making the food perfectly baked on all sides. The dynamic air movement also allows simultaneous baking on multiple levels without smells and flavours mixing together.

Double glazed oven door with one heat deflector (CompactDoor)

Oven door is double glazed with reflective glass panes. Therefore, the outer side of the door is always cool. The safe and energy-efficient door allows the oven to reach the A-20% energy class. Interior side of the oven door has no notches or edges to allow simple cleaning.

GentleClose door hinge

Only a soft touch is needed to close the cooker door smoothly, without any noise.

HomeMade Plus shape

The oven, now even more spacious, features an oval shape that successfully mimics the traditional wood-fired ovens. This allows optimum circulation of air that completely embraces the food to make it tender and juicy on the inside and amazingly crunchy on the outside. The air is even better distributed throughout the 71-litre cavity with recessed sides, which decreases the occurrence of cool spots that preclude even browning. Special air circulation dynamics affords excellent conditions for professional cooking on a single rack or on several racks simultaneously.

Basic information :

Microwave function	No
Product group	Electric cooker
Brand	Gorenje
Commercial code	EC62CLI
Internal article number	729467
EAN code	3838782071065
Main colour of the product	BK024; Bright beige
Color / Material front	BK024; Bright beige N/A Painted
Construction type	Free-standing
Installation type	Free-standing
Type of control	Mechanical
Oven controls	K44A - Multifunction oven with variable grill
Cooking method	N/A

Total number of positions that can be used at the same time	4
Number of gas burners	0
Number of electric cooking zones	4
Number of electric plates	0
Number of radiant plates	4
Number of halogenous plates	0
Number of induction plates	0
Number of electric warming zones	6
Location of control panel	Cooker front
Which kind of hobs can be controlled	Electric
Energy input	Electricity
Gas connection rating	0 W
Electric connection rating	10200 W
Current	N/A
Voltage	220-240 V
Frequency	50/60 Hz
Marks of conformity	CE,EAC
Length of power supply cord	0 cm
Plug type	Without plug and supply cord
Adjustable feet	Yes - all
Height of the product	850 mm
Width of the product	600 mm
