gorenje

Refrigerator 728887 RI5182A1UK

USP :

IonAir with DynamiCooling

Air enriched with extra negative ions preserves taste and removes unpleasant odours, while the advanced fan system equalizes the temperature throughout the entire refrigerator and evenly distributes ionized air, ensuring any type of food can be placed on any shelf.

AdaptTech: Adaptive Intelligent System

This smart system was devised to maintain the optimum temperature in the refrigerator regardless of how frequently you open the door. When the door is opened, the temperature suddenly rises and the food is exposed to a thermal shock which in turn causes it to perish sooner. The refrigerator continuously monitors and analyzes the way you use it. Thus, it can predict when you will open the fridge door and just before you do, it decreases the temperature by 1 or 2 °C to make sure constant temperature is maintained, ensuring the food stays fresh and full of nutrients.

CrispZone with VitaLight and SmartHumidity

One of the largest fruit and vegetables bins in the market, CrispZone extends the freshness of your produce with low temperature, automatic humidity control and special VitaLight, which maintains the natural ripening process to retain vitamins.

FreshZone drawer

The drawer with the lowest temperature in the refrigerator is ideal for storing meat, fish, fruit, and vegetables. It will preserve the food's freshness, aroma, colour, and flavour for much longer.

SuperCool

The intensive cooling function drops the refrigerator temperature to 3 °C, which is lower than usual by nearly a half. Combined with large refrigerator compartment volume, this temperature is ideal for rapid cooling of food after major shopping trips. After six hours, the function is switched off automatically and the refrigerator compartment temperature returns to the initial setting.

Type of display

LED display

Smart SuperCool

Even the largest shopping trips are not an issue anymore. When a larger amount of groceries is put in the fridge, the smart sensors recognize a sudden temperature rise and activate the SuperCool function. The cooling system then works at maximum intensity until the user's preset temperature is reached, ensuring optimal conditions for the food.

Door bottle container

2 single containers with fixed stopper

Memory in case of current failure

Save your settings in case of power fail

Illuminated interior of refrigerator compartment

LED strip on the ceiling

Temperature indicator

Digital temperature indicator for refrigerator

Sound and visual signal for high temperature in refrigerator

Sound and visual signal for high temperature in refrigerator: white signal

Door to door hinge

The heavy-duty hinge allows storing heavier items in the door bins, as well as opening the door to an angle of 115°. This allows a clearer look of the interior and makes loading the fridge and taking the food from it more convenient as the door won't keep closing. If the door is left ajar, the hinge will fully close it to save power.

Door opened indicator

Sound alarm for open door

Refrigerant

R600A

The wire bottle rack

In Gorenje refrigerators, bottles do not take up the space that could be conveniently used to store other items in the refrigerator door racks or on glass shelves; the designated bottle holder ensures optimum use of storage space.

MultiAdjust shelves

These sturdy glass shelves can be very easily adjusted in position, inserted into the fridge or taken out, thereby allowing you complete freedom to adjust the fridge interior according to your specific needs. The tempered glass shelves are highly durable and will securely carry even larger amounts of food.

MixBox

This shallow drawer will store all your smaller items, like spreads, butter, fish cans and snacks making sure your fridge is organized and food doesn't stay forgotten past its due date. Its slide in-and-out function ensures easy access to its content.

Number of cheese and butter storage

1 MultiBox container

Basic information :

Possibility of remote update for maintenance	No
Product name / Family	Refrigerator
Brand	Gorenje
Commercial code	RI5182A1UK
Internal article number	728887
EAN code	3838782051753
Product category	Refrigerator
Installation type	Full-integrated
Type of control	Electronic
Construction type	Free-standing
Main colour of the product	BK070; White
Door panel options	Possible but accessory
Connection Rating	75 W
Current	13 A
Voltage	220-240 V
Frequency	50 Hz
Marks of conformity	GMARKING,CE
Number of compressors	1
Length of electrical supply cord	190 cm
Plug type	GB
Total unit gross capacity	305 l
Total unit net capacity	301 l
Refrigerator Gross capacity	305 l
Freezer Gross capacity	N/A
Star Rating	N/A
Capacity in 0.75l (Bordeaux bottles)	N/A
Number of independent cooling systems	1
Height	1772 mm
Width	555 mm
Depth	545 mm
Door hinge	Right reversible
Adjustable feet	No
Height of the packed product	1835 mm
Width of the packed product	600 mm
Depth of the packed product	650 mm
Minimum niche height	1775 mm
Maximum niche height	1780 mm
Minimum niche width	560 mm
Maximum niche width	570 mm
Niche depth	560 mm
Net weight	61,0 kg
Product type	One door
Gross weight	63,5 kg
Color / Material body	BK070; White N/A Steel
Color / Material door	BK070; White N/A Steel

Features :

Interior colour	BK031; tinted bright grey-green, glossy
Short description of the product	HJ3188RFF - RI5182A1UK - ADVANCED LINE
Energy Smart appliance, able to optimise consumption pattern (2017/1369/EU)	No
Interior light	Yes
Defrost process fridge section	Automatic
Fast cooling	Yes
Fast freezing	N/A
Door opened indicator freezer	Yes
Temperature setting independent of external temp.	Yes
Temperature adjustable freezer	N/A
Freezer section with thaw water drainage system	No
Interior ventilator fridge section	Yes
Cover door installation system	Fixed mounting
Number drawers / baskets in the freezer	0

Number of freezing compartments with doors / interior doors	0
Automatic motor-driven ice-maker	No
Bottle holder	Yes
Number of shelves in fridge compartment	7
Number of Adjustable Shelves in fridge compartment	6
Material of the shelves	Glass
Thermometer fridge section	Digital
Thermometer freezer section	None
Number of temperature zones	1
Temperature range	min +2°C max +8°C
Cheese compartment	Yes
Vegetable compartment	Yes
Included accessories	Bin for cheese, butter, egg/ice - 1 Egg rack - N
Reversible door hinge	Yes

Energy label information / Performance :

Maximum ambient temperature	43 °C
Minimum ambient temperature	10 °C
Temperature rise time	N/A
Energy consumption annual - NEW (2010/30/EC)	113,0 kWh/annum
EU category of the household refrigerating appliance model (2010/30/EC)	1
Number of stars	Yes
Application of EU Energy Label Regulation	Yes
Eco label	No
Energy Efficiency Class	A++
Energy consumption	0,30 kW/24/h
Total annual energy consumption	113 kWh/Jahr
Refrigerator Net capacity	301 l
Freezer Net capacity	0 l
Freezing capacity	N/A
Storage Period in Event of Power Failure	N/A
Climate class	T, ST, SN, N
Noise level	37 dB(A) re 1 pW
Frost free system	N/A
