## Built-In Oven 733220 BO76SYW

### USP :

SilverMatte

**Triple glazed oven door with one heat deflector (CoolDoor)** Special innovative construction and glazing on the door isolates the oven, so the heat is kept inside, optimising energy consumption by stopping heat escaping from the oven cavity. This makes the oven even safer for the user, children and pets and prevents warming up the ambient.

GentleClose door hinge

New models of Gorenje ovens now feature special GentleClose soft-closing system. A gentle push is enough for easy, elegant and silent closing of the oven doors, which will not disturb the food within the oven, nor you. Elegance and luxury known from the furniture industry is now also available for Gorenje ovens.

Oven type

Multisystem oven BigSpace - 71 l  
SuperSize baking area

Maximum oven temperature

275 °C

Cooling fan

Dynamic oven cooling - DC

HomeMade Plus shape

The oven, now even more spacious with 71-litre cavity, features an oval shape that successfully mimics the traditional wood-fired ovens. This allows optimum circulation of air that completely embraces the food to make it tender and juicy on the inside and amazingly crunchy on the outside.
