

Gorenje Free Standing Combi Fridge / Freezer NRK6192BK

IonAir with MultiFlow 360 °C MultiFlow 360°ventilation system evenly distributes the ionized air to keep the food fresh longer.

AdaptTech cooling: Memorizing intelligent system .This smart system was devised to maintain the optimum temperature in the refrigerator regardless of its use. As a result, the food remains fresh and rich with vitamins as it is not exposed to thermal shocks caused by frequent opening of the refrigerator door.

NoFrost Plus One of the best cooling systems in the market, installed in the freezer compartment, prevents the accumulation of ice and frost to keep the power consumption low, while in the refrigerator compartment, it maintains an ideal microclimate for fresh food. Circulation of ionized air prevents the food from drying out and retains its vitamins and minerals.

CrispZone with HumidityControl: big vegetable drawer with humidity regulationIdeal drawer for storage of fresh fruit and vegetables with adjustable humidity.

FreshZone drawer Drawer which keeps food fresh for a longer period of time, at the temperature around 3°C.

XXL SpaceBox drawer An extra spacious drawer in the freezer for the largest pieces of food.

Bottle shelf with fixed trap Refrigerator door has plenty of storage for the largest glass or plastic bottles. A special fence holds the items in place to prevent it from moving and damage while the door is opened or closed.

Illuminated interior of refrigerator compartment LED strip on the ceiling

Door opened indicator Sound alarm for open door

Refrigerant R600A
